Databases & Cloud: MongoDB, SQL, Firebase, Netlify
Tools & Platforms: VS Code, Git, GitHub, Postman, AI Tools (ChatGPT, Bolt, Gemini)
Other Skills: Troubleshooting, Testing & Debugging
Soft Skills: Adaptability, Time Management, Teamwork, Problem Solving, Effective Communication

PROJECTS

Fitness App — Your Home Workout Partner | *HTML, CSS, JavaScript, Firebase (Authentication, Realtime DB)*

 GitHub | Live Demo

- Developed a modern web-based fitness platform allowing users to stay fit at home without any equipment.
- Implemented personalized workout routines and curated diet plans tailored to user goals.
- Integrated progress tracker to monitor daily achievements and maintain consistency.
- Used Firebase Authentication and Realtime Database for secure user management and real-time data storage.

SkillSwap — Learn, Share, and Grow Together | *React, HTML, CSS, TailwindCSS, JavaScript, Firebase Authentication*

 GitHub | Live Demo

- Built an interactive web platform connecting learners and experts to exchange knowledge and skills.
- Users can create profiles, upload tech-related posts, and host or join learning sessions across multiple technologies.
- Integrated dashboard enables seamless session management, content sharing, and skill exploration.
- Empowered a collaborative community-driven learning experience.
